

Having a coach with non-TA accredited coaching status can have risks attached, it is up to the members and all triathletes to ensure that their coaches are suitably accredited and insured. Professional athletes and qualified sports people may suggest that they are “Triathlon Coaches” however if they are not on this list then you may be at risk during your training.

Triathlon WA has this dedicated range of coaches across all accreditation levels, they support your sport and with their TA accreditation, ensuring your training and safety is paramount. If you have any queries in this please email or call Frank Stapleton at programs@wa.triathlon.org.au.

Please note that this list is continually being updated.
