VISION

To inspire Western Australians to embrace triathlon as a lifestyle, recreation or sporting pursuit

PURPOSE

Achieve a sustainable sport in which members and stakeholders are well serviced and represented at a reasonable cost

PILLARS

1. Engagement
2. Access
3. Pathways
4. Clubs
5. Partnerships
6. Organisation

OUR GOALS

1. Members and stakeholders report high levels of satisfaction with the association
2. The quality of events run in WA is improved
3. Coaching and officiating capability and capacity is improved
4. Clubs are run sustainably and support all ages and abilities
5. Volunteers are recognised and rewarded for their contribution
6. Participation and membership are grown sustainably
7. Diversity and sustainability is created in the association's revenue streams

PRESIDENT'S REPORT

It is my pleasure to present the 2020/21 Annual Report for Triathlon WA (TWA).

This season has been unique in the challenges and rewards it has brought to TWA. Again, we faced the postponement and cancellation of events and triathlon activities due to the COVID 19 Pandemic. However, our agility and proactiveness (as well as some luck!) has helped us throughout this period.

We released our new Strategic Plan for the coming years and I look forward to TWA delivering the best outcomes for our clubs and members. At its heart, the strategic plan is aimed at continually improving the sport for participants, clubs and members in WA.

From a membership perspective, we saw a marginal increase in members. This is the first time we have had an increase in member numbers in many years. I am cautiously optimistic that we had turned the tide on membership attrition.

This season we had the unusual challenge of conducting two IRONMAN 70.3 Busselton events. Both events were superb, and we were especially fortunate to run the May event given the COVID 19 situation at the time. Both events turned a healthy profit, and we will be focusing on returning these profits back into the sport in the coming years.

This season we also ran the inaugural TWA Foreshore Triathlon in Rockingham, an event that sold out and was extremely enjoyable. As we continue to build the portfolio of TWA run events in the future, I would encourage you to participate in events such as the Foreshore Triathlon and the Busselton Festival of Triathlon.

From a financial perspective, the association continues to go from strength to strength. When I joined the board 3 years ago, financial stability and sustainability were key concerns of mine. It is pleasing to see that we are now on the right track and in an enviable financial

position compared to other Triathlon State Associations.

One of the key areas the board has been engaged in this year is the sustained and increasing pressure from Triathlon Australia to adopt their new governance model. The model is aimed at centralising governance, finances and resourcing for all states under a "Future Operating Model". We have had numerous sessions with Triathlon Australia around the model, but ultimately the TWA Board do not believe that adopting the model is currently in the best interests of our members. We will however continue to keep an open mind and work collaboratively with Triathlon Australia and other State Associations around the country.

I would like to personally thank my fellow TWA Board members, Travis Norton (Vice President), Jeni Preen (Treasurer/Audit and Risk Committee Member), Brenden Koh (Audit and Risk Committee Member), Ben King, Sophie Row, Kirstin Beedie and Ashlee Morgan for their valuable contributions and leadership over the last year. I would also like to thank all Board Sub-Committee members on the Audit and Risk Committee, Nominations Committee, Women in Triathlon Committee and Technical reference Panel for their advice and contributions throughout the year.

I would also like to thank the Honourable Roger Cook MLA, Deputy Premier, Minister for Health as Patron of TWA. Thanks also to our Life Members for providing their guidance to the association.

On behalf of the Board I would like to extend our sincere gratitude to the amazing efforts of Executive Director, Ash Apps. Ash has played a key role in the successes of the organisation in the last number of years and should be recognised for the incredible work

she does. I would also like to thank the TWA staff for their hard work and efforts throughout the year.

Lastly thank you to the hundreds of volunteers involved in all areas of our sport in WA, the sport would be far worse off without you all, we appreciate and commend the sacrifices you make so that we can enjoy what the sport has to offer.

I would love to hear if you have any suggestions around how we can improve Triathlon in WA. Please feel free to contact me at president@wa.triathlon.org.au

Stay safe and I look forward seeing you out racing in the coming season!

STEVEN LYON
President

EXECUTIVE DIRECTOR'S REPORT

I am pleased to present our Annual Report for Triathlon WA 2020/21 season.

This season my many thanks goes out to everyone who has been involved in the delivery of our sport. From club presidents, race directors, officials, coaches, volunteers, Staff and Board. Without your commitment to the sport the season would not have seen the success that we did. In what was a challenging environment, not just from a sport perspective, we were able to work as one and see growth return to the sport here in WA.

All of our clubs, under the guidance of their committees, continued to battle through lockdowns, venue closures, training restrictions and come out the other side. A number of new initiatives to drive participation were founded; from our inaugural Interclub Series, TriActive participation programs, Club Development and Regional Club Networks, all to assist clubs in providing great experiences for their members.

Our Development Program was headed up by Frank Stapleton with the aims to develop education and development opportunities for the junior athletes and coaches within WA. The program was delivered inline with the objectives and saw over 30 athletes accepted into the squads throughout the year. Frank stepped away from his position as Program manager in April 2021, and we wish him all the best in his future endeavours.

We acknowledge and thank all the Race Directors and Affiliated Clubs who facilitate the racing and participation opportunities for our members and the wider community. They were constantly embracing the challenging space that is event delivery in the current climate. Majority of our events were able to be delivered and all saw increases in participation.

The race directors worked together with our technical team of officials, to ensure the safety

and fairness for all who participate. Our technical teams are all volunteers, and we acknowledge and thank them for their commitment to making our sport possible.

This season was bookended with Busselton Festivals of Triathlon, delivering two successful events within a six month period. The WA sporting community embraced both events, which saw significant profit returned to the sport. The event wouldn't be possible with our supporting partners; Healthway, Tourism WA, City of Busselton, KC Australia, Fuel 4 Sport, Star Physio, Clip Media, Pedal Mafia and Keep on Running. We look forward to continuing the partnerships and delivering this event into the future.

The team at the TWA office work in alignment with the strategic direction for the sport, keeping a focus on our key areas of engagement, access, pathways, clubs, partnerships and organisation excellence. We are a small staffing structure, consisting of 2 full timers and 3 part timers to ensure the continued progression towards our goal of inspiring Western Australians to embrace triathlon as a lifestyle, recreation and sporting pursuit.

Through funding support from our key partners, Department of Local Government, Sport and Cultural Industries and Healthway via the SunSmart Message, we are able to continue to strengthen and connect the triathlon community in WA through membership, clubs, programs and major events.

To the TWA Board, I thank you all for the opportunity to continue to work in this great sport. During the season we welcomed two new board members this season, Sophie Row and Dr Ashlee Morgan. This year the sport has been

under the leadership of President Steve Lyon, I thank the TWA Board for their commitment to making Triathlon WA better at how we deliver services and programs to our members.

To our members who belong to this great triathlon community. Thank you for continuing to support the sport here in WA, from being part of a club, volunteering, participating, putting on events, coaching or being part of our technical team. You all play a significant role in the sport, and have been part of making the sport what it is today.

Please continue to enjoy our sport, respect yourself, your health and your fellow competitors and we look forward to seeing you at a start line in the coming months.

ASHLEIGH APPS
Executive Director

MEMBERSHIP & CLUBS REPORT

Written by Tiffany Ferguson-Blight

Following a shortened season in 2019/20, members and clubs were eager to get back and racing in 2020/21. This resulted in the declining trend of membership which had been prevalent in the previous seasons plateau, as well as several sell-out races throughout the season despite race date changes and cancellations. Remaining consistent with past years, most of our members were aged between 35 and 54 years (53%). The gender split in membership also remained stable at 41%.

This season we welcomed back our twenty-one previously affiliated clubs. Our club system reaches throughout the Perth metropolitan area and into the regional hubs of Bunbury, Busselton, Albany, Mandurah, Kalgoorlie, and Esperance.

Clubs adjusted their processes and engagement strategies to lean into utilising technology for meetings and trainings, as well as for processing coaching fees and planning attendance at training sessions. Excitingly, our clubs did not simply survive the lockdown, but emerged stronger than before. In fact, 12 of our 21 clubs grew in membership throughout the season.

2020/21 saw the introduction of new initiatives from TWA to engage with and support clubs on a more regular, ongoing basis. These included the establishment of President Catch Ups and the Regional Club Network. President Catch Ups were an opportunity for TWA to provide updates to the clubs about upcoming

MEMBERSHIP BREAKDOWN

	2020/21	2019/20	2018/19
Adult	1,548	1,474	1,598
Junior (5-11 or 12-19)	172	233	280
Coach (Professional or Volunteer)	124	126	124
Non-Competing & Non-Training	97	83	87
Draft Legal (13-19)	36	49	55
Professional Athlete or Professional Development Licence U/23	25	32	40
TOTAL NUMBER OF MEMBERS	2,002	1,997	2,184

programs, events, and opportunities and to allow clubs to engage and discuss these with TWA. They also facilitated resource and best-practice sharing amongst clubs through collaborative discussions.

The Regional Club Network was established for similar purposes, but to specifically link those regional clubs who face challenges unique to their metropolitan counterparts. This year, Albany, Esperance, and Kalgoorlie Tri Clubs were involved in the Network.

TWA was also awarded an Active Regional Communities Grant by the Department of Local Government, Sport and Cultural Industries this year which supported a trip to Kalgoorlie and Esperance to visit the local clubs, run coaching and officiating professional development, engage with the local stakeholders and to run school engagement in both areas. TWA staff, Cathy Hoare and Tiffany Ferguson-Blight were accompanied by Performance Coach Anne De Rover on the trip.

This season we introduced a new series for club members to race in which recognised and rewarded clubs and their members for participation and performance throughout the season. The Interclub Series saw WA clubs divided into three conferences: North Metro, South Metro and Regional. Clubs accumulated points through their members' participation and performance at events listed as Interclub Series events, which had been selected based on their location and popularity amongst members. The winning club in each Conference was awarded \$250, with the overall winning club being awarded an additional \$500. The winners were:

- North Metropolitan Conference Champions – North Coast Tri Club
- South Metropolitan Conference Champions – Fremantle Tri Club
- Regional Conference Champions – Bunbury Tri Club
- Overall Champions – North Coast Tri Club

Our partnership with SunSmart this year saw affiliated clubs provided with sunscreen for use at trainings and events, as well as some new funding opportunities to encourage membership and participation. The funding also assisted TWA in providing the Club Development Series this season.

The Club Development Series for 2020/21 focused predominantly on member retention and satisfaction. TWA, in partnership with Amazing Clubs, delivered three sessions of which clubs were asked to attend two. One session was for all clubs, whilst the other two were split into metropolitan and regional streams to allow for more tailored delivery.

PARTICIPATION & MEMBER ENGAGEMENT REPORT

Written by Tiffany Ferguson-Blight

TWA was proud to have again facilitated several participation initiatives in season 2020/21, whilst introducing a number of new ones.

We again engaged with WA schools to encourage children to get active and healthy through participation in the sport of triathlon, as well as to promote sun safety. Forty-five visits were completed to 19 different schools, across Perth metropolitan area, the South-West, Kalgoorlie and Esperance. A total of 1,161 students engaged in the schools programs, creating almost 2,800 individual exposures to the sport. Both the number of schools and the number of individual students have approximately doubled from 2019/20. Four of these engagements were supported by the Sporting Schools program run by Sport Australia, whilst a further 5 were supported by the Department of Local Government, Sport and Cultural Industries’ Active Regional Communities funding.

TWA again facilitated the SunSmart Kids Triathlon Series. This Series supports children aged 7-15 in Western Australia, offering them an opportunity to participate in a series of club-run triathlons. Participants in these events received a free swim cap and a medal upon completion to celebrate their efforts, as emphasis is placed on effort and participation over achievement and placings.

SCHOOL VISITS	2020/21	2019/20
Number of Schools	19	11
Number of Visits	45	62
	1,161	465
TOTAL EXPOSURE	2,779	2,475

This season saw ten SunSmart Kids Triathlon events hosted and over 600 races run by 7 to 15-year-old participants, equating to almost double the number of races run in 2019/20. This season, the series also included an aquathlon hosted by Armadale Triathlon Club and a duathlon hosted by Exceed Triathlon Club, ensuring young athletes are given an opportunity to experience a range of multisport disciplines.

This year, TWA’s partnership with Healthway was also extended to novice programs and saw the introduction of the SunSmart Time to Tri funding initiative. Clubs were offered up to \$300 reimbursement for funds spent on a novice program at their club to assist clubs, whilst participants received education sessions, free 8 week memberships and SunSmart water bottles. In total, five programs were hosted for 80 participants. Two were for juniors, one was split into a women’s and men’s stream and one of the programs was a regional program. We look forward to continuing to assist our clubs in delivering exciting programs for new members in coming seasons.

A new-look beginners’ program, called TRIactive, was introduced to WA during the season. TRIactive is a Triathlon Australia-endorsed adult introductory participation program. The program targets adults looking to take on a new challenge and begin or return to regular physical activity. Five programs were run this season, one of which was a regional program based in Esperance. All courses were highly successful, with all four metropolitan courses selling out. The pilot of this program in WA was also a women’s only course in the lead up to the Ramsay Health Care Triathlon Pink. We look forward to collating the feedback from these courses to adapt and improve the offering to new participants in future years.

This year also saw the Women in Triathlon subcommittee formed, and the inaugural Women in Triathlon Breakfast held. This investment was also reflected in TWA meeting the mandated Women in Leadership target set by the Department of Local Government, Sport and Cultural Industries of 50% female board members by 2022. The breakfast hosted almost 40 women for a morning of networking and sharing stories. The feedback from the morning was very positive and we look forward to expanding out Women in Triathlon engagement opportunities in the coming years.

TWA introduced a new initiative in conjunction with our clubs in January 2021. Come & Tri Week was designed to encourage new members to capitalise on the discounted membership offer, and saw new participants trial a club on the free 14-day Tri Before You Buy membership option prior to purchasing a discounted membership. TWA assisted clubs with signing up participants, marketing, and communicating to encourage conversion to membership. The initiative saw 24 new participants trial one of the eight participating clubs and a 50% conversion rate to membership.

TWA again held Beginners Workshops this season. These free sessions provide a safe space for beginners to ask questions about all parts of the sport and include a 45-minute transition skills session, where beginners can learn the fundamentals of how transition works. These sessions were well attended and will now be included in our TRIactive and other novice program offerings. Including sessions implemented through TRIactive, we held a total of eight sessions.

Triathlon WA also delivered six member benefit webinars this season. These webinars focused on topics including injury prevention, nutrition, mental health, cardiac health, and aerobic training. The feedback from attendees was overwhelmingly positive, with several requests also for the recordings of the sessions to be viewed later.

EVENT NAME	EVENT DATE	2020/21 PARTICIPANTS	SPECTATOR NUMBERS

TOTAL		637	1308

DEVELOPMENT PROGRAM REPORT

Written by Cathy Halstead

The 2020/21 Development Program included a focus on racing skill and holistic athlete development for the program’s athletes. With a massive squad of 45 athletes this season, the program athletes were provided with unique skill development events and development opportunities including time trialling and racing events across Perth, and athlete development seminars and sessions.

These events included:

- TA JD Pathway Webinar with Brendan Sexton (TA National Talent Development Coach)
- VO2 Max Test with FrontRunner Coaching
- 1:1 Running Technique with FrontRunner Coaching
- Relay Clinic and Q&A with Ryan Bailie (Commonwealth Games Bronze Medallist, Olympian)

Unfortunately, COVID 19 greatly impacted the ability for WA athletes to travel and compete in National Draft Legal events this season. On the positive side, national and international travel restrictions contributed to an incredible WA racing season with athletes taking up many more of the local racing opportunities. However, despite these challenges there were several athletes who were able to race nationally and delivered some fantastic results.

Oceania Triathlon Cup Gold Coast – 6 June 2021

- Luke Bate Elite Men (7th)
- Kurt Wesley Elite Men (Final B 1st)

Oceania Triathlon Championships and Cup Port Douglas – 12 June 2021

- Aleisha Wesley Elite Women (12th) and U23 (6th)
- Luke Bate Elite Men (5th) and U23 (2nd)
- Kurt Wesley Elite Men (7th)

Oceania Triathlon Cup Port Douglas – 26 June 2021

- Aleisha Wesley Elite Women (14th)
- Luke Bate Elite Men (5th)
- Samuel Mileham Elite Men (22nd)
- Kurt Wesley Elite Men (17th)

Congratulations to Triathlon WA Development Program Athlete of the Year Indie Arbuckle (Team XTR Triathlon Club) for a brilliant season further developing her triathlon skills and performance.

COACHING REPORT

Written by Cathy Halstead

TWA has continued to support Western Australian coaches through providing coach accreditation programs and professional development initiatives. Triathlon WA hosted a hugely successful series of webinars including:

1. "The Female Athlete" with Paula Charlton Triathlon Australia Performance Health Manager and Gregory Cox Triathlon Australia Lead Nutrition
2. Ask the Experts Series:
 1. "The Racing Athlete Physiological Adaptation to Environmental Stress" with Grant Landers from University of Western Australia
 2. "Training Load And Athlete Monitoring Strategies and Testing" with Wouter Timmerman from Edith Cowan University
 3. "The Influence of Pain and Pathology on The Motor Correlates of The Stretch-Shortening Cycle" with James Debenham from University of Western Australia and Edith Cowan University

17
New coaches
accredited

This season included a Foundation Coach Course and the roll out of the updated Coach Development Program in WA. As such, Triathlon WA welcomed 17 new Foundation coaches into our triathlon community, and 8 coaches were further developed to achieve their Development Coach accreditation. We would also like to congratulate Guy Crawford, Kate Bevilaqua and Janine Kaye who achieved their Performance Coach accreditation this season.

Congratulations also to our Triathlon WA Coach Award winners for 2020/21:

- Janine Kaye (North Coast Triathlon Club) – Coach of The Year
- Stuart Durham (Fremantle Triathlon Club) – Coach of The Year
- Arron Robertson (Stadium Triathlon Club) - Community Coach of the Year

TECHNICAL PROGRAM REPORT

Written by Cathy Hoare

Despite adversity Triathlon Western Australia, race directors and clubs were able to host some fantastic events for both athletes and officials. There were 131 Sanctioned events, with 27 events that had technical teams present.

That said, roadworks, COVID-19 restrictions, and other factors caused some events to be postponed or cancelled. Technical Officials were challenged time and again across the season, not least during the Foreshore Triathlon in January when a bushfire caused the cancellation of the bike leg.

131
Sanctioned events

March was a very busy month for Officials, with 7 events across the State. Many officials put in some serious kilometres traveling to races in gorgeous locations like

Karri Valley, Dunsborough, Rockingham, Mullaloo, and Coogee. One official, Trevor Forward, attended 19 of the 27 events at which technical teams were present.

Unfortunately, there were no opportunities for interstate or international travel this season. However, Frank Stapleton will be representing Australia as an official at the 2021 Tokyo Olympics.

With most of the world still working from home in the wake of the COVID-19 outbreak, the National LTO course went digital, with training becoming available online. We had a good up-take, as the online format was more accessible than previous iterations of the course. Six new Technical Officials completed the course. An abridged version of the course was provided face-to-face to potential new officials in Kalgoorlie as well,

Active
Technical Officials

EVENTS REPORT

Written by Tiffany Ferguson-Blight

Season 2020/21 saw 131 sanctioned events take place, offering Western Australians the opportunity to participate and compete when many parts of the country were not so fortunate. Whilst it was disappointing that travelling to events was not always possible, the community made the most of the races on offer which made for an exciting season of domestic racing.

Over the 131 sanctioned events, there was 12,604 race starts. Of that total, members raced 7,360 times and were joined by non-members 5,243 times. When only kids races are considered, the opposite trend is clear with members constituting 380 of the race starts and non-members making up the remaining 716 of the total 1,096 kids' starts. This suggests that kids are participating in and enjoying the sport, but aren't yet being captured by membership which is supported by the overall lower proportion of junior members of the association. This poses a great opportunity for membership growth in future years.

Our State Series underwent an exciting rebrand this season. The Series, which was previously referred to as the Triathlete of the Year Series, still allocated points to the Triathlete of the Year Awards at the end of the season and composed of State Championship events and non-championship events to form a 9 race series for the senior athletes, and a 5 race series for junior athletes. Of the 9 senior races, an athlete's best 7 results could count towards the end of season awards, and of the 5 junior races, the best 4 results could count. Unfortunately, 2 senior races and one junior race were cancelled throughout the season, but the Series was able to be continued.

Of the 2,553 race starts in eligible distances across the Series, 1,443 were TWA members at an average of 206.14 per race. This was a notable increase on 2019/20 which saw 1,075 member race starts across 6 races at an average of 179.17 per race.

Additionally, this season saw the introduction of a new-look club series, the Interclub Series, which aimed to encourage friendly interclub rivalries whilst also promoting participation in the sport more generally. This season the Series comprised of 12 events, of which two were unfortunately cancelled. Only the primary distance for each event was eligible for points. Over the 10 eligible events, there was 1,575 race starts by TWA club members. The series was well received by the membership and we look forward to continuing to build the Series in coming years.

2020 SUNSMART BUSSELTON FESTIVAL OF TRIATHLON

Written by Tiffany Ferguson-Blight

Near perfect conditions greeted the 1,500 strong field of participants at the SunSmart Busselton Festival of Triathlon over the weekend of Saturday 17 and Sunday 18 October 2020. The event that was originally scheduled for May 2020 incorporates the SunSmart IRONMAN 70.3 Busselton, SunSmart Kids Triathlon, FunMan triathlon and event village, along the pristine foreshore of Busselton, Western Australia.

Saturday morning was host to the IRONMAN 70.3, a 1.9km swim, 90.1km cycle and 21.1km run with over 800 individuals and 120 teams taking on the challenge. The event for 2020 was an age group only race, with participants aged from 18 years to our oldest competitor, Ron Richards of 76 years old. A true testament that the sport of triathlon is for everyone.

There was a buzz around the event site on Saturday morning, as the WA community embraced the opportunity to take part in the first major triathlon event since the COVID-19 pandemic. The age group athletes made their way to the start line in front of the

Goose Café to take on the 1.9km swim.

Alongside the IRONMAN 70.3 event was the Triathlon WA State Long Course Open Championships. This event across the same distance, provided an opportunity for professional and open athletes from Western Australia to be crowned State Open Long Course Champion. Kurt Wesley (North Coast Tri Club) took an early lead on the swim in his first race of this distance, leading the men’s field out the water, with the likes of Olympic Triathlete, Ryan Bailie (Bunbury Tri Club) and Professional Triathlete Matt Burton (Oceanic Tri Club) chasing on the bike course. Burton and Bailie took the lead on the bike course and continued to push ahead with Wesley, Guy Crawford (Fremantle Tri Club) and Blake Kappler (North Coast Tri Club) continuing to chase.

In the women’s field, Dimity-Lee Duke (Bunbury Tri Club), who has returned to WA after living overseas, took an early lead on the swim ahead of Catherine Rose and Katherine Ryan (both from Stadium Tri Club). The three female competitors completed the 90.1km bike course all

99%
Participants were
WA locals

1,504
Total number of
participants

within a minute of each other, leaving it to the run to determine the winner.

Burton showed his class on the run pulling away from Bailie to finish in a time of 3:43:50, just short of the course record. Bailie held on in a sprint finish with Kappler to round out the podium. Duke showed her experience in long course racing to pull away from the women’s field to finish in a time of 4:33, with Ryan placing in second 4:43 and Rose rounding out the podium and her first open race in a time of 4:44.

ALL
TWA Clubs
represented

Brett Johnson (Rockingham Tri Club) recorded the fastest time in the Age Group event finishing in 3:57. Ann Brinkamp (Bunbury Tri Club) took out the women’s field in a time of 4:33.

The IRONMAN 70.3 was a qualification event for the IRONMAN 70.3 World Championships in Utah, USA and for the ITU World Championships to be held in Almere, Netherlands both in 2021.

The Festival of Triathlon continued Sunday with the SunSmart Kids Triathlon where over 250 children aged 7-15 had their opportunity to take on a swim, bike and run either on their own or with one of their parents. Professional athletes greeted them at the finish line handing over their finisher medals and taking the opportunity for photographs with our next generation of triathletes.

The weekend was rounded out with the FunMan triathlon; it was an opportunity for members of the community, volunteers, staff, and triathletes to race as teams across a short and fast distance. The friendly rivalry and costumes on show summed up the Busselton Festival of Triathlon – a community focused event, with something for everyone to be part of.

2021 SUNSMART BUSSELTON FESTIVAL OF TRIATHLON

Written by Tiffany Ferguson-Blight

Perth and Peel COVID lockdowns the week prior to the event didn't deter the 1,100 strong field of participants at the 20th edition of the SunSmart Busselton Festival of Triathlon Saturday 1st to Sunday 2nd May 2021.

Saturday morning was host to the IRONMAN 70.3, a 1.9km swim, 90.1km cycle and 21.1km run with over 900 individuals and 130 teams taking on the challenge.

1,399
Total number of 70.3 participants

There was a buzz around the event site on Saturday morning, as the WA community embraced the opportunity to take part in what was the 20th edition of the event in Busselton. The age group athletes made their way to the start line in front of the Goose Café to take on the 1.9km swim.

Alongside the IRONMAN 70.3 event was the Triathlon WA State Long Course Open Championships. This event across the same distance, provided an opportunity for professional and open athletes from Western Australia to be crowned State Open Long Course Champion. Professional Triathlete, Matt Burton (Oceanic Tri Club) and 2020 winner crossed the finish line in first place in a time of 3 hours 49 mins. Young WA talent, Nick Thompson (UWA Tri Club) and Jonney Sammut (UWA Tri Club) claimed their first podiums and showed the future of WA racing looks bright.

300+
Volunteers

In the women's field Felicity Sheedy-Ryan took out another

State Long Course Championships. The former World Duathlon Champion, said it was a tough day, but a fantastic opportunity to be back racing in WA.

Brett Johnson (Rockingham Tri Club) recorded the fastest time in the Age Group event (for the second year in a row) finishing in 4 hours. Fiona Whelan took out the women's field in a time of 4:39.

The IRONMAN 70.3 was a qualification event for the IRONMAN 70.3 World Championships in Utah, USA in September.

Unfortunately, the Sunday events including the FunMan, SunSmart Kids Triathlon Busselton and planned 20-year celebrations were cancelled due to changing conditions surrounding COVID-19 restrictions.

Following the cancellation, the 20-year celebrations were rescheduled for Saturday 19th June and were held at Freshwater Bay Yacht Club in Peppermint Grove. At this event, the community came together to celebrate the festival, share stories, and recognise important individuals in the event's success. Athletes that had completed more than 10 of the the long course events were acknowledged with a framed photograph of the event, with the five athletes who had completed all 20 of the events specially noted and interviewed. Those athletes are:

- Graeme Atwell
- Tim Howley
- Paul Kelly
- Craig Kimpton
- Warren Milward

5
Participants have completed all 20 Busselton events

The 20th edition of the Busselton Festival of Triathlon would not have been possible without the support of the volunteers. 300 plus dedicated volunteers helped to deliver the event for the athletes.

TWA wish to thank our sponsors and delivery partners for their continued support of the event. The City of Busselton, Heathway and Tourism WA have been major supporters for over 20 years, and we look forward to continuing the deliver the Busselton Festival of Triathlon for many years to come.

2021 FORESHORE TRIATHLON ROCKINGHAM

Written by Tiffany Ferguson-Blight

Our first Foreshore Triathlon Rockingham demonstrated that even adverse conditions can't dampen the triathlon community's enthusiasm.

Unfortunately, on the morning of the race, the bike leg had to be cancelled due to a number of active bushfires along the course. However, as event organisers worked tirelessly to confirm the new course and ensure the event could proceed for the more than 600 participants who had registered, those same participants lined up in waves to collect their race packs and set up transition. All races scheduled proceeded as planned, including the SunSmart Kids Race, Age Group Enticer, Age Group Sprint and Elite Draft Legal Sprint.

The morning was kicked off by the kids, with 100 eager participants taking to the modified swim-run course with grins from ear to ear. Cheered on by the spectators and participants for later events, the children aged between 7 and 13 years, including 5 teams, all received a free swim cap and finishers medal for their efforts on course.

They were followed closely by the Age Group racing. With the event being a Junior and Senior State Series event, there was hot competition across a number of categories throughout the day. Impressively, the fastest time on the Sprint course for the day was recorded by one of our junior athletes, James Kjellgren-Lewis, with 29:07, pipping more seasoned athletes such as Brendon Dimmer, Loic Draoulec and Brett Johnson who were not far behind. Our fastest female on the Sprint course was also a junior athlete, Indie

SOLD
OUT

Arbuckle, in 32:02, a time that saw her finish 2 and a half minutes ahead of the next female athlete.

The Elite Draft Legal race was adapted to a run-swim-run format and capped the day off nicely. With spectators lining the run course, the 13 males and 4 female athletes battled it out along the foreshore. With Sam Mileham leading the pack after the first run leg, it wouldn't be long before the lead shifted with Jonney Sammut, Kurt Wesley and Adam White recording some impressive swim times to see them lead out of the swim. While Sammut and Wesley held their leads, it was Zeke Tinley who stormed home in the final run leg to round out the podium with the fastest run time for the 5km second leg.

In the female field, it was a dominant display by Felicity Sheedy-Ryan all day as she lead the field from start to finish, finishing in 36:27. Aleisha Wesley, Madison Toovey and Brooke McCoy also held their respective positions throughout the race to finish second, third and fourth respectively.

The event proudly supported Breast Cancer Care WA as the event's inaugural Charity Partner, an organisation that, since 2000, has provided specialist breast care nursing, counselling and financial support to women and men affected by breast cancer, as well as their partners and families, throughout the WA community.

TWA thanks our major partners for the event, the Gardens and the City of Rockingham, as well as our other sponsors and partners, Vorgee and 97.3 Coast Live for their support for this event.

600+
Participants in the
inaugural

Triathlon Western Australia Annual Awards 2021

On Sunday, 30 May the Triathlon WA community came together to celebrate the 2020/21 season. This was an exciting opportunity to celebrate the season which saw almost 250 people in attendance.

The afternoon commenced with the presentation of the State Long Course Championship awards from the SunSmart IRONMAN 70.3 Busselton event, followed by the awarding of this year's Development Program Athlete of the Year to Indie Arbuckle (XTR).

The Steve Barrie Award, which is awarded to the Technical Official of the year, was presented to Trevor Forward.

The 2020/21 Coach of the Year award was jointly awarded to both Janine Kaye (North Coast) and Stuart Durham (Fremantle). A new award was introduced this season to recognise a coach who has demonstrated a commitment and dedication to coaching Western Australian age group triathletes. The inaugural Community Coach of the Year was awarded to Arron Robertson (Stadium).

We then presented the Junior Triathlete of the Year Awards. Congratulations to the 12-13 years winners, Will Cramsie (North Coast) and Rebecca Puccini (UWA), the 14-15 years winners, Joshua Neervoort (Fremantle) and Emily White (Exceed), and the 16-19 years winners, James Kjellgren-Lewis (Fremantle) and Indie Arbuckle (XTR).

We also recognised and thanked nine Technical Officials for their longstanding service to the sport.

This year's Service to Sport Award was presented to Caroline Cousins (Bunbury). Caroline has been involved in Bunbury Triathlon Club for over 10 years and has led the club to develop and grow the State Standard Distance Championships.

We also recognised the clubs which had taken out this year's top honours. North Coast Triathlon Club claimed the Champion Club accolade in back to back wins. The new Interclub Series also saw four new awards introduced for clubs at this year's Annual Awards. The North Metro Conference Champion was North Coast Triathlon Club. The South Metro Conference Champion was Fremantle Triathlon Club. The Regional Conference Champion was the Bunbury Triathlon Club. To cap off a massive season, North Coast Triathlon Club were also crowned the Interclub Series Overall Champions.

The Chris Hewitt Memorial Award was presented to Claire Hawkins whose contributions during the 2020/21 season include the introduction of a new women's triathlon in the Perth metro area.

The Senior Triathlete of the Year Age Group awards were presented towards the end of the evening. Congratulations to all podium athletes recognised.

Jonathan Sammut (Exceed) took home the Open Triathlete of the Year honours, edging out last year's champion, Nick Thompson (UWA) and young gun Zeke Tinley (Bunbury). Felicity Sheedy-Ryan's (UWA) return to local racing was rewarded with two State Titles and the TOTY award. Sheedy-Ryan took the win ahead of the ever-consistent Brooke McCoy (Fremantle) and Aleisha Wesley (North Coast).

DEVELOPMENT ATHLETE OF THE YEAR

Indie Arbuckle

This award is for outstanding commitment, improvement, and performance throughout the season for an athlete in our Development Program, as well as:

- Attendance and attitude at training.
- Commitment to team values and interaction.
- Skills growth and continued improvement.

COACH OF THE YEAR

Stuart Durham & Janine Kaye

Both winners;

- Coached a number of podium athletes within the Junior and Senior TOTY awards.
- Coached athletes that qualified for the TWA Development Program playing an integral part in the roll out of the redesigned program for 2020/2021.

COMMUNITY COACH OF THE YEAR

Arron Robertson

- Head Coach at Stadium Triathlon Club.
- Demonstrated a commitment and dedication to coaching age group triathletes with great success.

INTERCLUB SERIES CHAMPIONS

North Metro Conference - North Coast Triathlon Club

South Metro Conference - Fremantle Triathlon Club

Regional Conference - Bunbury Triathlon Club

Overall Champions - North Coast Triathlon Club

CHAMPION CLUB

North Coast Triathlon Club

STEVE BARRIE AWARD

Trevor Forward

- Attended 19 events in the 2020/21 season as a Technical Official.
- Ongoing contribution to the progression of the technical program throughout the season.

SERVICE TO SPORT AWARD

Caroline Cousins

- Involvement with the Bunbury Triathlon Club Committee for over 10 years.
- Led the Bunbury Triathlon Club's development and growth of the LGM Bunbury City Classic and the State Standard Distance Championships.

CHRIS HEWITT MEMORIAL AWARD

Claire Hawkins

- Introduction of a new women's triathlon in the Perth metropolitan area, which sold out in its first year.
- Volunteering of her time at local schools, event registration, pack pick up, event set up and pack down as well as race day duties.

TECHNICAL OFFICIAL SERVICE TO SPORT

5 years

- Anna McFarlane (XTR)
- Phil Madden (UWA)
- Ruth Metcalf (Stadium)
- Abdul-Raouf Mohamed-Isa (Perth Hills)
- Susan Thomas (Perth Hills)

10 Years

- Andree Gould (North Coast)
- Miriam O'Donoghue (XTR)
- Owen Critchley (Esperance)

BOARD'S DECLARATION

The Board have determined that Triathlon Western Australia Inc. is not a reporting entity.

The Board have determined that this special purpose financial report should be prepared in accordance with accounting policies outlined in Note 1 to the financial statements.

The Board Members of Triathlon Western Australia Inc. declare that:

1. The financial statements and notes, as set out herein:
 - give a true and fair view of Triathlon Western Australia Inc.'s financial position as at 30 June 2021 and its performance for the year ended on that date; and
 - Comply with the Australian Accounting Standards (including the Australian Accounting Interpretations) to the extent described in Note 1 to the financial statements, and the Associations Incorporation Act 2015; and
2. In the Board Member's opinion, there are reasonable grounds to believe that Triathlon Western Australia Inc. will be able to pay its debts as and when they fall due and payable.

This declaration is made in accordance with a resolution of the Board of Triathlon Western Australia Inc.:

.....
President

.....
Treasurer

Dated this day of September 2021

INDEPENDENT AUDITOR'S REPORT TO THE BOARD OF TRIATHLON WESTERN AUSTRALIA INCORPORATED

Qualified Opinion

We have audited the financial report of Triathlon Western Australia Incorporated ('the Association'), which comprises the statement of financial position as at 30 June 2021, the statement of profit or loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial report, including a summary of significant accounting policies, and the Board's declaration.

In our opinion, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, the accompanying financial report gives a true and fair view of the financial position of the Association as at 30 June 2021, and of its financial performance and its cash flows for the year then ended in accordance with the *Associations Incorporation Act 2015* and the Australian Accounting Standards to the extent described in Note 1 to the financial statements.

Basis for Qualified Opinion

We were appointed as auditors of the Association on 10 November 2020 to conduct an audit of the Association's financial report for the year ended 30 June 2021. The financial information as at 30 June 2020 was not audited by us. We were unable to satisfy ourselves by alternative means concerning a number of opening balances disclosed in the statements of financial performance and cash flows and the statement of financial position as at that date.

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ('the Code') that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of Board of Management for the Financial Report

Board of Management is responsible for the preparation of the financial report that gives a true and fair view in accordance with the *Associations Incorporation Act 2015* and the Australian Accounting Standards and for such internal control as Board of Management determines is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, Board of Management is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless Board of Management either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

Board of Management is responsible for overseeing the Association's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Board of Management.
- Conclude on the appropriateness of Board of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

TRIATHLON WESTERN AUSTRALIA INC. NOTES
TO THE FINANCIAL STATEMENTS FOR THE YEAR
ENDED 30 JUNE 2021

1 Statement of Significant Accounting Policies

The financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act 2015. The Board Members have determined that Triathlon Western Australia Inc. is not a reporting entity.

The financial report covers Triathlon Western Australia Inc. as an individual entity. Triathlon Western Australia Inc. is an association incorporated in Western Australia under the Associations Incorporation Act 2015.

The principal activity of Triathlon Western Australia Inc. is the governance, development and delivery of triathlon, duathlon, aquathlon and health in Western Australia.

The report has been prepared in accordance with the requirements of the Associations Incorporation Act 2015 and the following Australian Accounting Standards:

AASB 101	Presentation of Financial Statements
AASB 107	Statement of Cash Flows
AASB 108	Accounting Policies, Changes in Accounting Estimates and Errors
AASB 1048	Interpretation of Standards
AASB 1054	Australian Additional Disclosures

No other applicable Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial report has been prepared on an accrual basis and is based on historical costs. It does not take into account changing money values, or except where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets.

The following is a summary of the material accounting policies adopted by Triathlon Western Australia Inc. in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

TRIATHLON WESTERN AUSTRALIA INC. NOTES
TO THE FINANCIAL STATEMENTS FOR THE YEAR
ENDED 30 JUNE 2021

Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Revenue recognition relating to the provision of services is determined with reference to the stage of completion of the transaction at reporting date and where outcome of the contract can be estimated reliably. Stage of completion is determined with reference to the services performed to date as a percentage of total anticipated services to be performed. Where the outcome cannot be estimated reliably, revenue is recognised only to the extent that related expenditure is recoverable.

All revenue is stated net of the amount of goods and services tax (GST).

Grants and Subsidies

Grant income for contracts with sufficiently specific performance obligations is recognised over time as the performance obligations are satisfied. Grant income for contracts that do not have sufficiently specific performance obligations is recognised immediately upon receipt.

Leases

AASB 16 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months unless the underlying asset is of low value. A lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligations to make lease payments.

TRIATHLON WESTERN AUSTRALIA INC. NOTES
TO THE FINANCIAL STATEMENTS FOR THE YEAR
ENDED 30 JUNE 2021

At commencement of the lease the right-of-use assets are measured at cost. This cost consists of the amount of the initial measurement of the lease liability, any lease payments made at or before the commencement date, less any lease incentives received, and any initial direct costs incurred. At the commencement date, the lease liability is measured at the present value of the lease payments that are not paid at that date. The total lease payments are discounted using the interest rate implicit in the lease and where that rate cannot be readily determined, the weighted average incremental borrowing rate of the Association is used.

Right-of-use assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Income Tax

The financial statements have been prepared on the basis that Triathlon Western Australia Inc. is exempt from income tax.

Employee Benefits

Wages, salaries, and annual leave expected to be settled within 12 months of the reporting date

Liabilities for wages and salaries, including non-monetary benefits, and annual leave expected to be settled within 12 months of the reporting date are recognised in respect of employees' services up to the reporting date. They are measured at the amounts expected to be paid when the liabilities are settled and reported as current liabilities in the statement of financial position.

Long service leave and other employee entitlements expected to be settled more than 12 months from the reporting date

The liability for long service leave and other employee entitlements expected to be settled more than 12 months from the reporting date is recognised and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures, and years of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currencies that match, as closely as possible, the estimated future cash outflows

Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with banks, other highly liquid investments with original maturities of three months or less, and bank overdrafts.

Trade Receivables and Other Receivables

A receivable represents the Association's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets, Financial instruments – initial recognition and subsequent measurement.

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Association's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Association has applied the practical expedient, the Association initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

Financial instruments (Continued)

The Association's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss.

Financial assets at amortised cost (debt instruments)

This category is the most relevant to the Association. The Association measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Association's financial assets at amortised cost includes cash and cash equivalents and trade and other receivables.

**TRIATHLON WESTERN AUSTRALIA INC. NOTES
TO THE FINANCIAL STATEMENTS FOR THE YEAR
ENDED 30 JUNE 2021**

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired; or
- The Association has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ‘pass-through’ arrangement; and either (a) the Association has transferred substantially all the risks and rewards of the asset, or (b) the Association has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Association has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Association continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Association also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Association has retained.

Impairment of financial assets

The Association recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Association expects to receive, discounted at an approximation of the original effective interest rate.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

Inventories

Inventories are measured at the lower of cost and net realisable value. Costs are assigned on a first-in-first-out basis and included direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenses.

**TRIATHLON WESTERN AUSTRALIA INC. NOTES
TO THE FINANCIAL STATEMENTS FOR THE YEAR
ENDED 30 JUNE 2021**

Property, Plant and Equipment

Property, plant and equipment are carried at cost. All assets, excluding freehold land and buildings, are depreciated over their useful lives to the Association.

The carrying amount of plant and equipment is reviewed annually by the Board of Triathlon Western Australia Inc. to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset’s employment and subsequent disposal. The expected net cash flows are not discounted in determining recoverable amounts.

Trade Creditors and Other Payables

Trade payables and other payables are carried at amortised cost and due to their short-term nature are not discounted. They represent liabilities for goods and services provided to the Association prior to the end of the financial year that are unpaid and arise when the Association becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

Provisions

Provisions are recognised when Triathlon Western Australia Inc. has legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result, and that outflow can be reliably measured.

Provision recognised represent the best estimate of the amounts required to settle the obligation at reporting date.

Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Comparative Figures

Comparatives are consistent with prior years, unless otherwise stated.

TRIATHLON WESTERN AUSTRALIA INC.
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended 30 JUNE 2021

Significant accounting judgments, estimates and assumptions

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses. Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

(i) Impairment of non-financial assets

The Association assesses impairment of all assets at each reporting date by evaluating conditions specific to the Association and to the particular asset that may lead to impairment. These include asset performance, technology and economic and political environments. If an impairment trigger exists, the recoverable amount of the asset is determined.

13 Events after Reporting Period

COVID-19 was declared a Pandemic by the World Health Organization on 11 March 2020. The situation has been and continues to evolve very quickly. Significant economic damage has been seen globally and locally in Australia and in Western Australia. The final financial impact of this Pandemic is unknown but may be significant to the operations of the Association.
