TRIATHLETE OF THE YEAR POINT RANKING & AWARDS

OPEN AND AGE GROUP TRIATHLETE OF THE YEAR SERIES

Each season a number of events on the calendar are awarded TWA State Series status by the Board. Events selected must meet certain minimum standards and will represent a range of distances which could include sprint events up to full IRONMAN distance. Dependent on the number of State Series events on the calendar each season, a set number of races will be established that will qualify a triathlete for the Triathlete of the Year Award.

Awards are given for Triathlete of the Year Open and Triathlete of the Year Age Group (Senior). Awards are presented to the five highest point scoring male and female athletes in the Open category and three highest point scoring male and female triathletes in each senior age group. For age determination TWA uses the same method as Triathlon Australia. An athlete's best **six (6)** results from the State Series events will be considered. For an athlete to be eligible for Triathlete of the Year awards, they must have competed in a minimum of three (3) state series races.

To be eligible for Open and Age Group points and prizes, you must;

- Hold a current 2023/2024 Triathlon Western Australia Membership of either Standard or Premium status
- Membership must be current prior to race start.

One day licence holders are not eligible for any awards within this policy.

For each State Series event, points are awarded to the first five (5) eligible TWA members in the Open category and in each age group as per the accompanying table. To be eligible for points, rankings and incentives, athletes must be current financial Standard or Premium TWA members at the time of competition. Please refer to the separate list of State Series events for each season which outlines the points to be awarded at each event.

2023/2024 State Series Points Allocation

Finish Position	Points Allocation
1st	21
2nd	15
3rd	12
4th	10
5th	9

Note the following with regards to athletes in the Open category

- Athletes wishing to be considered for the Triathlete of the Year Open awards, may accumulate points only in events in which they competed in that category.
- For athletes that normally race Open, if a situation arises where no Open category is available, event awards will be given as per advertised age group categories. Triathlete of the Year points and any State Championship awards, however, will be allocated as if the athlete raced Open (with athletes ranked in timed order and points given accordingly).
- Once an athlete elects to race in the Open Category, they must continue to race Open for the remainder of the season and will not be able to accrue any further points in their age group category. Should they qualify for an award in both their age group and Open categories, they will forfeit their age group award and will only be presented with an Open award.

Para triathletes will accrue Triathlete of the Year points in State Series races in the Paratriathlon category.

In the event of a tie for first, second or third the TWA will make a determination on the basis of:

- Comparison of results in events where the tied athletes have both competed – who has placed higher, and (if necessary)
- Consideration of which athlete has the greater number of higher placings (more firsts, seconds, and thirds over the events)

If, after following this process, a tie continues then both athletes will be awarded jointly for the category and any prize money will be split accordingly.

JUNIOR TRIATHLETE OF THE YEAR SERIES

The Junior Triathlete of the Year Series comprises a number of races specifically selected for junior triathletes aged 12 to 19 years of age. Seven to eleven-year-old members are not eligible for these awards as they are encouraged to participate only, rather than compete.

The specific age groups for Junior athletes are: 12-13, 14-15 and 16-19. For age determination TWA uses the same method as Triathlon Australia.

To be eligible Age Group points and prizes, you must;

- Hold a current 2023/2024 Triathlon Western Australia Membership of either Standard or Premium status
- Membership must be current prior to race start.

One day licence holders are not eligible for any awards within this policy

Awards are presented to the three highest point scoring male and female athletes in each of the junior age groups. An athlete’s best **four (4)** results from Junior Triathlete of the Year Series events

will be considered. To be eligible for Junior Triathlete of the Year Award the athlete must have competed in a minimum of **three (3)** state series races.

For each Junior State Series event points will be awarded to the first five (5) eligible TWA members in each junior age group as per the accompanying table. To be eligible for Junior Triathlete of the Year points athletes must be current financial Standard or Premium members of TWA at the time of competition.
