WA TRIATHLON

2025-26 Annual Report

Athletes at Start line

TRIATHLON WESTERN AUSTRALIA INCORPORATED

Triathlon Western Australia Incorporated (Triathlon WA) was established in 1986 as the governing body to oversee and promote Triathlon, Duathlon, Aquathlon, and Multisport in WA.

As a non-profit organisation affiliated with the national governing body, AusTriathlon, we exist to support grassroots sport and help provide participation opportunities for all levels of competitor.

We focus on encouraging a strong club membership structure that allows our members to train and improve their skills in a community of like-minded people. A key focus for us is to promote and capitalise on the health and lifestyle benefits that come from participating in triathlon – including physical, social, and mental benefits.

Through our work, we aim to connect and inspire the community to a lifestyle of multi-sport, and promote the triathlon values of engaged, proactive, accountable and inclusive. Triathlon is a sport for life and is well positioned to play a pivotal role in shaping people's health and fitness habits from an early age.

Acknowledgement of Country

Triathlon WA acknowledges the traditional custodians of the land on which we operate in Western Australia. Recognising their connections to land, sea and community. We pay our respects to their elders past, present and emerging for they hold the memories, the traditions, the culture and hopes of Aboriginal and Torres Strait Islander peoples across the nation.

Presidents Report

The 2025/26 season gave Triathlon WA much to celebrate. We marked 40 years of Triathlon WA and 25 years of the Busselton Festival of Triathlon, while continuing the work that supports clubs, participants and events across Western Australia.

Our 40th anniversary was an opportunity to hear from founding members and others who have helped build the sport over four decades. Their stories reminded us of the passion and dedication it takes to grow a sport like triathlon, particularly in WA. We recognised 11 inaugural Triathlon WA Hall of Fame athletes: Peter Robertson, Rob Pickard, Mark Batten, Frank Stapleton, David Budge, Simon Beaumont, Felicity Sheedy-Ryan, Carol Hughes, Loretta Wesley, Katherine Ryan and Sally Pilbeam.

Our special 25th year of the Busselton Festival of Triathlon was well received by clubs and participants. The event has evolved over a quarter of a century, including its time under the IRONMAN brand to become the festival we know today, centred on the Busselton 100 and with a range of events across the weekend. The new Busselton 50 and Busselton 25 events helped increase participation by 548 compared to the previous year. For the first time since 1997, the festival hosted the Australian Long Course Triathlon Championships and in addition also hosted for the first time the Aquabike Championships. We look forward to retaining the Aquabike Championship in 2027. The support of the triathlon community remains a defining part of the festival and makes it a fitting close to our season year on year. We thank every volunteer, technical official, athlete, contractor and staff member involved, and will work with funding partners to build on this success while retaining the festival's community focus.

Membership continued to grow throughout 2025/26, reaching 2,228 members (up from 2,094 in 2024/25), representing a 6.4% increase. We want to build on this growth by helping more participants join local clubs and remain active in the triathlon community. Race starts, however, declined by 17%. Our long-term target remains 30,000 by 2032. As we approach year three of our 2024–2027 Strategic Plan, the Board will review progress over the coming months and begin the process of developing our next Strategic Plan in consultation with our stakeholders and the wider triathlon community.

Our Team WA Pathway Program continued to give young athletes opportunities to learn, build friendships and challenge themselves in 2025/26. This season, 90 athletes participated in Team WA, with practical coaching, education sessions, the 'Lightning League' and interstate racing supporting their development. Five athletes were also selected for AusTriathlon's Target Talent Program, recognising their potential and national-level performance. Seeing these athletes grow in confidence and support one another is something we can all be proud of, and I thank the coaches and families who make this possible.

Triathlon WA also continued the ongoing work that's critical to the success of our sport. This included sanctioning events, coordinating and developing technical officials, supporting coach education, working with clubs and delivering specialist programs. Much of this important work happens behind the scenes, but it is essential to the great experiences our community expects and enjoys throughout the season.

For the 2025/26 season, we report a loss of $66,000. This year's financial result reflects decisions to invest in the Busselton Festival of Triathlon for its 25th anniversary, continued cost increases, and sponsorship income that fell well below expectations amid a tighter commercial market. The Board will focus on strengthening existing commercial and government partnerships, developing new commercial partnerships, improving operational efficiency, and ensuring our financial resources deliver value for members.

I'd like to thank outgoing Board Director and Athlete Advisory Committee Chair Leighton Cook for his service and acknowledge the contributions of Vice President Henrietta Farrell and Treasurer Richard Burnell, who are seeking re-election. I'd also like to thank our former Executive Director, Mel Farley, for her contribution to Triathlon WA during her tenure, and every member of the Triathlon WA team for their hard work. Thank you also to the Board for its ongoing leadership and to our clubs, coaches, technical officials, volunteers and event organisers for all they contribute to the sport.

In my first year as President, I have particularly appreciated the immediate past President Brenden Koh's support in getting me up to speed.

On behalf of the Board I'd like to extend our thanks to the Department of Creative Industries, Tourism and Sport, Healthway, and the City of Busselton for their ongoing support. Their support, alongside that of our partners and sponsors, helps our sport thrive.

As we look ahead, our priority is to build on the community's enthusiasm for triathlon while keeping the organisation financially sustainable and focused on its members. I look forward to working with our members, clubs and the Board as we build a bright future for our sport.

E. Oldroyd

Eddie Oldroyd
President, Triathlon WA

Strategy

The governing body responsible for the development and management of triathlon and multisport in Western Australia.

Vision

To create a happier, healthier, and more connected community through triathlon and multisport experiences.

Purpose

To enable more people to enjoy more triathlon and multisport experiences in more places.

Values

Engaged | Proactive | Accountable | Inclusive

Strategic Pillars

- A Sport for Every Body
- Pathways to Inspire
- Collaborative Engagement

A Sport For Every Body

Overview:

We are a welcoming community for people of all backgrounds, ages, genders, orientations and abilities, striving to make triathlon and mutlisport more accessible for every Western Australian. We create a more meaningful and rewarding experience for every participant.

Long Term Targets:

Over 30,000 Western Australians on starting lines annually by 2032.

Key Initiatives

1. Strengthen member engagement and increase member retention
2. Support clubs to become self-sustainable
3. Coordinate a thriving calendar of quality sanctioned events
4. Ensure equity, diversity, inclusion, and access for all

WA TRIATHLON

Key Initiative 1:
Strengthen member engagement and increase member retention

41
Total
16,568

Membership

Membership continued to grow throughout the 2025/26 season, with total membership increasing to 2,228 members, up from 2,094 in 2024-25, representing growth of 6.4%. Western Australia continued to lead the nation in membership growth, reinforcing the strength of the state's triathlon community.

Adult membership remained strong, increasing from 1,818 to 1,841 members, while junior membership experienced significant growth, rising by 40% from 276 to 387 members. This increase highlights the success of efforts to engage, develop and retain young athletes within the sport.

Gender representation also remains a key strength for Western Australia. Females accounted for 943 members (42%), males 1,284 members (57%), and one member identified as non-binary. Whilst we recognise a percentage drop in female participation, WA continues to outperform national trends, reflecting the inclusive and welcoming culture being fostered across clubs, events and development programs throughout the State.

Participation

Unfortunately, in 2025-26 WA appeared to experience a decline in reported participation numbers despite strong interest in the sport within the State. Total race starts were recorded at 16,568 which presents as a 17% decrease from the previous year (20,026). It is suggested this drop has been the result of changes to reporting processes. The new way of reporting provides for increased accuracy.

Key Initiative 2:
Support clubs to become self-sustainable

Clubs

Club Membership Snapshot: Club-affiliated members made up the majority of our community, with 1,950 club members (87.7%) compared to 273 non-club members (12.3%) plus dual members with total of **2,228**.

Throughout the 2025/26 season, Triathlon WA continued to strengthen its relationships with affiliated clubs, providing a more personalised level of service and support to committees across the state. The season concluded with 20 affiliated clubs, including the welcome addition of the Toodyay Triathlon Club, which was established and affiliated during the year.

Club Support and Education

By strengthening relationships with affiliated clubs, Triathlon WA provided tailored support across governance, membership, insurance, events, and committee development to provide a more tailored level of care and service. JustGo Membership training was offered to help volunteers streamline administration, while online resources, seminar recordings, and regular AusTriathlon club catch-ups ensured clubs could access information and support when it suited them. This flexible approach has strengthened connections with clubs and the delivery of positive community experiences.

Key Initiative 3:
Coordinate a thriving calendar of quality sanctioned events

Events

The 2025/26 season delivered a vibrant and diverse calendar of racing across Western Australia, from grassroots club events to internationally recognised competitions. The season commenced with duathlon racing and School Sport WA Championships before building momentum through popular events such as Triathlon Pink, Bunbury Women's Triathlon, IRONMAN Western Australia, Coastal Quest, Mandurah Interclubs, and the Australia Day Triathlon.

Athletes enjoyed a wide range of racing experiences throughout the season, including triathlon, duathlon, aquathlon, cross triathlon, and swimrun events. Regional favourites such as the Karri Valley Triathlon, TransCape SwimRun, XTERRA Asia-Pacific Championship, and Busselton Festival of Triathlon continued to showcase some of Western Australia's most spectacular race destinations. The season concluded with the Mullaloo Triathlon hosting the Standard Distance and Junior State Championships.

25 Years of Busselton Festival of Triathlon

The 2026 Busselton Festival of Triathlon celebrated its 25th anniversary milestone by hosting the prestigious Australian Long Distance Triathlon and Aquabike Championships, drawing a record-breaking crowd of nearly 3,000 athletes to Barnard Park. The weekend's premier highlight saw local star Nick Thompson secure a historic hat-trick while shattering the Busselton 100 course record!

To expand participation, the festival debuted four new racing formats: the Busselton 5 for kids, Busselton 25 sprint, Busselton 50 standard distance, and the non-swim Duathlon 100, all enhanced by a streamlined single-lap bike course and safety-focused "Aussie Exit" beach swim. The new events were a great success bringing over 500 new participants to the weekend event.

Event Name	Age	Distance
Busselton 5	7-15 years	100m swim, 4km cycle, 900m run
Busselton 25	14+ years	500m swim, 20km cycle, 4.5km run
Busselton 50	16+ years	2km swim, 40km cycle, 8km run
Busselton Duathlon	18+ years	8km run, 80km cycle, 12km run

Key Initiative 4:
Ensure equity, diversity, inclusion and access for all

Women's participation remained a strong feature of the calendar, with dedicated events in Perth, Bunbury, and Busselton providing welcoming opportunities for women to discover and enjoy the sport.

Healthway

Triathlon WA's valued partnership with Healthway continued in 2025-26 strengthening our commitment to equity, diversity, inclusion and access for all, with a clear focus on creating healthier, more inclusive pathways for children and families across Western Australia.

Across three targeted programs, more Western Australians were reached, including over 3,600 children and young people directly participating in triathlon-based activities. One of the Programs, Fuelling Finish Lines was successfully delivered across the season, providing participation opportunities for children aged 7-15. The program successfully engaged children and families, particularly in regional communities.

The Fuelling Finish Lines Kids Series delivered 20+ activations statewide, embedding Fuel to Go & Play messaging and ensuring healthy, welcoming event environments. The Kids Club Pilot Program provided structured, skillsbased learning in four clubs, laying foundations for longterm junior development. The Tri Together Challenge expanded access even further, offering an 8week virtual program that reached Pilbara and Kimberley communities, validating a flexible model that supports regional equity.

Together, these initiatives advanced Triathlon WA's Key Initiative 4 by reducing barriers to participation, increasing regional reach, and ensuring children from all backgrounds could access safe, healthy, developmentally supportive triathlon experiences.

Madi Toovey onstage at TWA Awards and 40 year celebration

Annual Awards and 40th Year Gala

On Saturday, 25 July 2026, Triathlon WA celebrated the 2026 Annual Awards and 40 Year Gala at The Westin Perth, bringing together athletes, volunteers, coaches, officials, clubs, partners, and supporters from across the WA triathlon community.

The special evening marked 40 years of Triathlon WA, celebrating the achievements of the past season while reflecting on four decades of growth, passion, and dedication within the sport.

Guests enjoyed an evening of recognition, entertainment, and connection as outstanding performances and contributions were honoured, including the presentation of the season's major awards and the inaugural Hall of Fame inductions.

Triathlon WA extends its sincere congratulations to all award recipients and finalists and thanks everyone who has contributed to the continued success and development of triathlon in Western Australia.

Pathways To Inspire

Overview:

With a focus on our athletes, coaches and officials we provide performance driven, effective and supported programs. We promote the sport of triathlon and celebrate our success by sharing participants stories to inspire our community and future generations.

Long Term Targets:

Five 18+ athletes that meet the AusTriathlon minimum performance standards to be considered for categorisation.

Key Initiatives

1. Improve Performance Pathways for all athletes
2. Well defined development opportunities for coaches, officials and volunteers
3. Deliver targeted marketing campaigns that support our objectives

WA
TRIATHLON

Key Initiative 1:
Improve Performance Pathways for all athletes

Team WA, the Triathlon WA State Pathway Program (Team WA) supports aspiring triathletes aged 13–23 by providing a nurturing environment where they can grow both as athletes and individuals. The program is designed to develop key tactical, technical, physiological, and psychological skills that support progression through the National Athlete Pathway.

Team WA offers holistic development opportunities that enhance each athlete's existing training environment. Alongside this, the program fosters a strong team culture and creates safe, supportive spaces where athletes are encouraged to learn, grow, and take on new challenges. Development is delivered through optional targeted masterclasses, education sessions, team-building activities, and the exciting Pathway Lightning League race series.

Triathlon WA is focused on reducing barriers to athlete progression. This includes supporting group travel to national-level races for athletes ready to take the next step and providing a clear progression structure through the Futures Squad. This squad recognises Team WA athletes aged 16–23 who have met AusTriathlon performance benchmarks and demonstrated strong potential within the sport.

The 2025/2026 season saw consistent engagement in Team WA participation, with 90 athletes signing up. This cohort was made up of 36 Youth Members (13-15yr), 44 Juniors (16-19yr), 10 Under 23, and 27 athletes selected for the Futures Squad. Additionally, five athletes were selected for the AusTriathlon Target Talent Program recognising their potential and performance at a national level. Five athletes met the benchmark times required for Aspire (pre categorisation) recognition, and one of those (Ava Henville) was categorised as an emerging athlete. Out of those 90 athletes, 62 athletes returned from the previous season, and 28 of the 2025/26 cohort were new athletes to the program.

Gender Breakdown:
55 males and 35 females.

Program Workshops and Masterclasses

Induction days: Athletes completed their relevant benchmarking data collection sessions (1500m run and 400m swim for Youth, 800m swim and 5000m run for Junior and U23). The days also included lots of information and sharing and stories from current pathway athletes and local elite athletes who had gone through the pathway program in their time, including Kurt Weslkey and Luke Bate. The day was wrapped up with fun team games. A total of 68 athletes attended across two sessions.

Monthly Online Education Workshops

The following on-line education workshops were conducted throughout the year.

Understanding World Triathlon race rules. Education to clarify triathlon DL rules and local variations.

Foundations for Success.
With Dr Paula Charlton talking through all the big rocks of triathlon and how to support optional health and availability.

World Triathlon Race. AusTriathlon HP staff explained race nominations process with a travel agent discussing travel insurance.

Performance Nutrition. With David Bryant. How to manage your fuelling in and around training, racing and recovery, and the extra challenges of travelling to race.

Performance Psychology and how to improve resilience and perform at our best, even when we don't feel good. With Performance Psychologist Madeline Incognitio. The session included strategies for managing nerves, errors, and focus in competition.

Parent education session.
To discuss training load and managing growth spurts and development with sports dietician Donna Kimpton sharing fuelling tips to help parents understand the energy demands of our sport. James Lewin, physiotherapist also joined in to discuss training load and injury prevention.

Team WA Monthly Masterclass Sessions

Crit Racing & Bike Skills. The session aimed to build athletes skills and confidence riding in a group at pace and making tactical decisions under race conditions, simulating draft legal racing. This included transition skills, practicing mounting and dismounting, and T2 specific skills.

Bunch Riding, Bike maintenance, Nutrition and Transition Skills.
Athletes worked on bunch riding skills including rolling turns with Brad Hall and support coaches. Brad Kaye led a practical session on basic bike maintenance before a nutrition session with Donna Kimpton (Star Physio) that included games and scenarios before athletes made their own no bake snacks and "Subway Style" lunch. After lunch, they headed back to PHPC for a swim working on T1 and open water skills.

Growth and Maturation session with James Lewin (Star Physio).
For athletes aged 16 and under, and their parents.

Open Water Swimming Skills.
Session built confidence in open water swimming skills including sighting, drafting, ins and outs. Coached by Andrew Ridley.
The athletes enjoyed an education session afterwards focussing on stretching and recovery strategies, including a yoga session.

Swim/Run session. This session was designed to work on transition skills and as a race prep for athletes going to the School Sport National SuperSprint event.

Devonport Race Prep Session.
Specific race preparation for Devonport at Lake Leschenaultia including skill development for hills (gear selection, body position cadence, ascending and descending skills and energy conservation) as well as OWS skills especially ins and outs.

Lightning League

Developed to provide Team WA athletes more opportunities to practice their Draft Legal Racing, build race strategies and test or try different racing methods in order to enhance their racing intelligence, the Lightning League Series is exclusively for the Team WA Pathway Program and those athletes who are draft legal endorsed. Divided into four teams: Hurricanes, Cyclones, Tornadoes or Typhoons, athletes are provided with bibs to denote their team colour and are racing for points for their team.

Athletes are classified through age groups to determine the distance they are allowed to race to create a positive race experience for everyone. Athletes are divided as fairly as possible into the teams aiming for a balance between the different age groups and males and females if required (skill and speed grading more applicable than gender). One coach is assigned to each team to provide encouragement and support through tactical and race strategy, skill assessment, feedback and guidance.

Maximum points are given for crossing the line in first place, and descending points for each place thereafter regardless of age category. Finishing position determines the points you earn for your team.
The team with the highest points at the end of the three race series are awarded the series winner title. This series has been a great way for the young athletes to practice race skills but more importantly to work together, build stronger, supportive relationships with each other, and have fun.

Race 1
October 2025:
QUAD REMIX – SBRS-rest-RSBR
Participants: 52 Coaches:
Stuart Durham, Guy Crawford, Madi Toovey, Rhys Williams.

Race 2
November 2025:
TRIPLE MIX – SBR-rest-BRS-rest-RSB
Participants: 45 Coaches:
Stuart Durham, Guy Crawford, Kurt Wesley, Madi Toovey.

Race 3
January 2026:
TRANSITION RACES + ENDURO-SBRSBR
Participants: 41 Coaches:
Stuart Durham, Rhys Williams, Dan Buis and Sophia Green.
Luke Bate and Indie Arbuckle supporting as Ambassadors.

National Achievements

National races are a great development opportunity for our Team WA athletes. They are a chance to test skills, identify any gaps and most importantly, learn from what racing looks like in a stronger “arena”.

Junior World Champs – Wollongong

Ava Henville gave her absolute best against some amazing competition from across the globe. She trusted her gut, dug deep the whole way and crossed the line in 23rd (2nd Aussie) which is outstanding as one of the youngest girls in the race! Ava learned a lot from the experience, both of racing at that level, staying in a HP camp environment and watching the U23 and Elite races live.

Youth and Junior National Super Sprint Championships – Runaway Bay

Overall Christophe Gardner 1st, Ivan Nagel 3rd

Junior Males Luke Williams 3rd

Junior Females and overall Ava Henville 3rd

Youth females Florence Erskine 2nd

Team WA Travelling Camps

The opportunity for the young athletes to travel together provides a fun experience to continue to develop their performance behaviours, independence, further the team culture and try to reduce the barriers for families and athletes to allow WA athletes to race at a national level.

Runaway Bay: Youth and Junior National Super Sprint Championships, 19-22 December 2025

Our largest travelling cohort of 26 athletes aged between 14-22 (5 youth, 17 Juniors & 4 U23) travelled to Runaway Bay in Queensland for the Youth and Junior National Super Sprint Championships with Support Coaches Janine Kaye, Guy Crawford, Kurt Wesley and Madi Toovey. They all demonstrated an abundance of heart and determination. It was a sea of black and gold in every race, with podiums across almost all the different finals.

Ten of those WA athletes travelled over three days before the race with Janine Kaye to attend the three day AusTri camp with Aspire and TTP athletes from the other states.

World Triathlon Podiums

Katya Anderson
35-39 World Champion Aquathlon

Katherine Ryan

Paul Taylor, Jaz Tobin, Lily van Raay,
Rebekah Ashby.

Devonport-Oceania Junior sprint and U23/Elite standard championships, 11-15 March 2026

Sixteen Team WA athletes (14 Juniors and two U23) travelled over along with Reece Harris and Madi Toovey (bridging the gap from Team WA to elites). Janine Kaye and Stu Durham as Coach support.

Gold Coast, Australian Sprint champs (Junior Worlds Qualifier) and Elite/U23 SuperSprint, 10-19 April 2026

Thirteen athletes (6 Juniors & 7 U23) travelled with Janine Kaye for a 10 day camp that included the two races. It was a brilliant development opportunity for these U23 and Junior athletes to test themselves against high level race fields, while also navigating the challenges of travelling and racing two events only a week apart. Unfortunately we had two athletes get caught in a bike crash during the first event which impacted their participation in the second event. We also had some bike issues that also impacted event 2. That is the rollercoaster of triathlon racing – it will have ups and downs and you never know what might happen. Regardless of those challenges, it was a really enjoyable and successful trip that provided so many lessons and learnings to support everyone’s athletic development.

Key Initiative 2:
Well defined development opportunities for coaches, officials and volunteers

Coaching

The Coach Education program continued to evolve, with education opportunities tailored to address practical areas that coaches had indicated they could use support with. These included a Coaching Fundamentals session on Practical training program design supported by Guy Crawford and Derek Cross in September, and a Practical running session with a Gait Analysis focus with Frontrunner Physio Luke Parker

Coach Mentor pilot program

A three-month Coach Mentor pilot program was introduced which saw six (6) Mentors supporting seven (7) mentees. They were encouraged to build a relationship that involved three catch ups together over the three months and three online information session to share communication and feedback resources they could utilise for both the mentoring process and to develop their coaching skills.

Coach Course Workshops

Foundation
11 October 2025 – 16 Participants
14 February 2026 – 9 Participants
Development
31 January 2026 – 3 participants

The Community Circle

The initiative aims to strengthen learning, collaboration, and connections across the triathlon community by creating opportunities for Coaches, Officials, Club Leaders, Triathlon WA staff, and Board members to come together and share knowledge and experiences.

November 2025

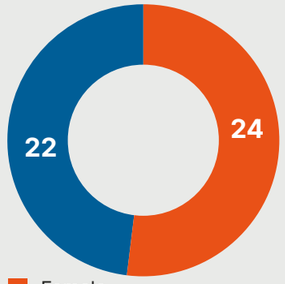
Identifying the challenges and barriers that can prevent participation in triathlon and exploring practical ways to overcome them. Inclusions Solutions joined us to discuss some possible barriers and guide us to consider ways we might create more inclusive spaces, cultures and opportunities. The afternoon was rounded out with a wheelchair basketball session supported by Rebound WA who taught us how to play while also sharing stories about their lived experience

March 2026

Psych Kellie Lewis from The Mental Health Project shared some strategies to help support the mental health of both ourselves and others. This session was supported by SportWest.

Technical Officials

Season Statistics:
Number of Technical Officials: 46



Club Breakdown *note some have dual club*	
ADF	1
Bunbury	2
Busselton	1
EFS	2
Esperance	2
Exceed	1
Freo	2
Mandurah	4
Mandurah/Rocko	2
NCT	11
No club	1
Perth Hills	4
Rockingham	2
Stadium	3
TO only	6
UWA	4
XTR	2

Total events where Triathlon WA sent technical officials: 35

Average number of events: 3*
**some did one event, others, 15*

International Technical Official appointments: Frank Stapleton
Included: T100, plus Devonport/ Wollongong/T100 Wollongong

Technical Officials on the move: Two WA officials moved to Tasmania and two moved to to Canberra.

Interstate visitors: Several interstate officials came to Western Australia for IMWA (7) Self-funded and Busso 100 (3) during 25/26 season. We also had Frank and Jacqui Kenny travel for XTERRA event.

Training and Development – new officials: Three (3) people undertook the training course and complete accreditation.

2025-26 Technical Officials Season Review

The 2025-26 season for technical officials kicked off with a massive event: the World Triathlon Championships in Wollongong in October 2025.

Western Australian officials were strongly represented, many self-funding their travel to the other side of Australia to be part of this exciting event. Frank Stapleton was one of the Head Referees, alongside Gaye McKean, Sue Scott, Steve Norton and Cathy Hoare.

After all that excitement, we settled back into some great age-group local racing. Triathlon Pink was a sea of colour, with around 900 participants taking part, while School Sport saw more than 800 kids enjoying their first taste of triathlon.

IRONMAN WA remains the biggest race on the WA calendar, and this year we had a team of 22 technical officials, made up of both local and interstate officials.

January saw the return of Interclubs, where the noisiest and fastest club mostly wins! Then came March, our busiest month of the season.

Several of our officials travelled to Devonport for the Oceania Championships, which remains a firm favourite among officials. Back in WA, we had the Everywoman Triathlon, as well as officials slogging it out at one of the toughest races on the calendar, the Karri Valley Triathlon.

Over in Singapore, T100 saw Frank Stapleton take on yet another Head Referee role. XTR hosted the State Standard Championships, while Rockingham rounded out a season packed with great racing.

The Xterra Asia Pacific Championships were also thrown into the mix, adding a welcome point of difference to the traditional road triathlon events.

As always, the Busselton 100 was the final race of our season, bringing the racing calendar to a close as the weather starts to turn towards winter.

It was another busy and rewarding season for our technical officials, with plenty of travel, challenging racing, new experiences and, most importantly, a fantastic group of officials helping deliver events across WA and beyond.

Key Initiative 3:
Deliver targeted marketing campaigns that support our objectives

Ambassador Program

2025-26 saw the second iteration of the Ambassador Program, an initiative established to engage a diverse group of triathletes who could inspire others, share their personal journeys, and promote participation in the Busselton Festival of Triathlon.

The 2026 Ambassadors include:

- Sophie Hynam – *22 years old, she/her, Perth Metro, Corporate Cup participant*
- Dennis Devereaux – *66 years old, he/him, South West WA, Paratriathlete*
- Stacey Cavill – *30 years old, she/her, Perth Metro, LGBTQI+*
- Chris Suvaljko – *24 years old, he/him, Perth Metro, Beginner triathlete*
- Melanie Wade – *35 years old, she/her, Perth Metro, Experienced triathlete*
- Madi Newby – *28 years old, she/her, Perth Metro, Beginner triathlete*
- Tanakorn Cheeptumrong – *44 years old, he/him, International Athlete: Thailand*
- Ella Cream – *25 years old, she/her, Perth Metro*
- Jonty Cavazzi – *32 years old, he/him, Goldfields-Esperance WA*
- Ivan Marcelo – *35 years old, he/him, Perth Metro*
- Shannan Brown – *43 years old, he/him, Perth Metro, unfortunately withdrew.*

Collaborative Engagement

Overview:

By providing a high standard of sustainable service to members, clubs and race directors, we aim to engage and connect the triathlon and multisport community. We work together with all stakeholders to grow and maintain a financially viable sports business.

Long Term Targets:

Recognised as a Category B sport for increased Department of Creative Industries, Tourism and Sport Funding.

Key Initiatives

1 Optimise business operations
2 Commercial sponsorship and revenue growth
3 Strategic use of cash reserves to develop the sport

WA TRIATHLON

Key Initiative 1:
Optimise Business Operations

40 Year Gala

2025-26 was a year of milestones and providing wonderful opportunities to connect, engage and celebrate with the Western Australian triathlon community.

The decision to prioritise key events including the 40-Year Gala dinner at the Triathlon WA Awards; the inaugural Triathlon WA Hall of Fame, plus added investment in Busselton for its 25th year was seen as a worthwhile to both acknowledge our legacy as a prominent WA sport and also a unique opportunity to connect as a community.

Key Initiative 2:
Commercial Sponsorship and Revenue Growth

Sponsorship was a strong focus and despite an increased number of sponsorships and event partnerships with local and WA-owned businesses (specifically in relation to Busselton) overall revenue targets were not met as planned. Acknowledging a tight market there is a recognised need to ensure a re-focus on revenue growth to meet financial sustainability into the 2026-27 season and beyond.

Key Initiative 3:
Strategic Use of Cash Reserves to Develop the Sport

Maintaining healthy cash reserves remains a critical priority, particularly as rising operational and event delivery costs continue to place pressure on financial performance. This year, several unanticipated cost increases – alongside strategic commitments to one-off celebratory events and essential enhancements to competitor experience – resulted in a final position that fell short of budget. Looking forward, additional pressures, including necessary investment in staff resourcing, ever increasing event delivery costs, and increased need for support towards club administration and the promotion of local community events, will continue to contribute to such variance. These targeted investments, while affecting short-term financial outcomes, remain essential to strengthening the sport's long-term capability, community reach, and overall participant experience.

BOARD DECLARATION

The Board has determined that Triathlon Western Australia Inc. is not a reporting entity.

The Board has determined that this special purpose financial report should be prepared in accordance with accounting policies outlined in Note 1 to the financial statements.

The Board of Triathlon Western Australia Inc. declares that:

1. The financial statements and notes, as set out herein:

   - give a true and fair view of Triathlon Western Australia Inc.'s financial position as at 30 June 2026 and its performance for the year ended on that date; and

   - Comply with the Australian Accounting Standards (including the Australian Accounting Interpretations) to the extent described in Note 1 to the financial statements, and the Associations Incorporation Act 2015; and

2. In the Board's opinion, there are reasonable grounds to believe that Triathlon Western Australia Inc. will be able to pay its debts as and when they fall due and payable.

This declaration is made in accordance with a resolution of the Board of Triathlon Western Australia Inc.

INDEPENDENT AUDITOR'S REPORT
TO THE BOARD OF DIRECTORS OF TRIATHLON WESTERN AUSTRALIA INC.

Opinion

We have audited the financial report of Triathlon Western Australia Inc. ('the Association'), which comprises the statement of financial position as at 30 June 2026, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and the Board's Declaration.

In our opinion the accompanying financial report gives a true and fair view of the financial position of the Association as at 30 June 2026, and of its financial performance for the year then ended in accordance with the *Associations Incorporation Act 2015* and the Australian Accounting Standards to the extent described in Note 1 to the financial statements.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ('the Code') that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Association's Board of Directors' financial reporting responsibilities under the *Associations Incorporation Act 2015*. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of Board of Directors for the Financial Report

Board of Directors is responsible for the preparation and fair presentation of the financial report in accordance with the financial reporting requirements of the *Associations Incorporation Act 2015* and for such internal control as the Board of Directors determines is necessary to enable the preparation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, Board of Directors is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so. Board of Directors is responsible for overseeing the Association's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

RELIANCE AUDITING SERVICES
Chartered Accountants & Registered Auditors

Auditor's Responsibilities for the Audit of the Financial Report (Continued)

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

TRIATHLON WESTERN AUSTRALIA INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2026

1. SUMMARY OF MATERIAL ACCOUNTING POLICIES

Basis of Preparation

The financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act 2015. The Board has determined that Triathlon Western Australia Inc. is not a reporting entity.

The financial report covers Triathlon Western Australia Inc. as an individual entity. Triathlon Western Australia Inc. is an association incorporated in Western Australia under the Associations Incorporation Act 2015.

The principal activity of Triathlon Western Australia Inc. is the governance, development and delivery of triathlon, duathlon, aquathlon and health in Western Australia.

The report has been prepared in accordance with the requirements of the Associations Incorporation Act 2015 and the following Australian Accounting Standards:

AASB 101	Presentation of Financial Statements
AASB 107	Statement of Cash Flows
AASB 108	Accounting Policies, Changes in Accounting Estimates and Errors
AASB 1054	Australian Additional Disclosures

No other applicable Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial report has been prepared on an accrual basis and is based on historical costs. It does not take into account changing money values, or except where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets.

The following is a summary of the material accounting policies adopted by Triathlon Western Australia Inc. in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

1. SUMMARY OF MATERIAL ACCOUNTING POLICIES, CONTINUED

Significant accounting judgments, estimates and assumptions

The carrying amount of certain assets and liabilities is often determined based on estimates and assumptions of future events. The key estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of certain assets and liabilities within the next annual reporting year are:

(i) Impairment of non-financial assets

The Association assesses impairment of all assets at each reporting date by evaluating conditions specific to the Association and to the particular asset that may lead to impairment. These include asset performance, technology and economic and political environments. If an impairment trigger exists, the recoverable amount of the asset is determined.

(ii) Estimation of useful lives of assets

The estimation of the useful lives of assets has been based on historical experience as well as manufacturers' warranties (for plant and equipment) and turnover policies. In addition, the condition of the assets is assessed at least once every year and considered against the remaining useful life. Adjustments to useful lives are made when considered necessary.

(iii) Long service leave

The Association measures long service leave liability based on estimates of future employee retention rates and pay increases.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with banks, other highly liquid investments with original maturities of three months or less, and bank overdrafts.

For the purposes of the statement of cash flows, cash includes cash and cash equivalents as defined above, net of outstanding bank overdrafts.

Trade and other receivables

A receivable represents the Association's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets, Financial instruments – initial recognition and subsequent measurement.

TRIATHLON WESTERN AUSTRALIA INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2026

1. SUMMARY OF MATERIAL ACCOUNTING POLICIES, CONTINUED

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Financial assets

Initial recognition and measurement
Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Association's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Association has applied the practical expedient, the Association initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Association's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Subsequent measurement
For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss.

Financial assets at amortised cost (debt instruments)
This category is the most relevant to the Association. The Association measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Association's financial assets at amortised cost includes cash and cash equivalents and trade and other receivables.

1. SUMMARY OF MATERIAL ACCOUNTING POLICIES, CONTINUED

Financial instruments (continued)

Derecognition
A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

- The rights to receive cash flows from the asset have expired; or
- The Association has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Association has transferred substantially all the risks and rewards of the asset, or (b) the Association has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Association has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Association continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Association also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Association has retained.

Impairment of financial assets
The Association recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Association expects to receive, discounted at an approximation of the original effective interest rate.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables, the Association applies a simplified approach in calculating ECLs. Therefore, the Association does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Association has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Association considers a financial asset in default when contractual payments are 60 days past due. However, in certain cases, the Association may also consider a financial asset to be in default when internal or external information indicates that the Association is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Association. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

1. SUMMARY OF MATERIAL ACCOUNTING POLICIES, CONTINUED

Financial instruments (continued)

ii) Financial liabilities

Initial recognition and measurement
Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, and payables.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Association's financial liabilities include trade and other payables.

Subsequent measurement
The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss
Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the statement of profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in AASB 9: Financial instruments are satisfied. The Association has not designated any financial liability as at fair value through profit or loss.

Derecognition
A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and any accumulated impairment losses. Such cost includes the cost of replacing parts that are eligible for capitalisation when the cost of replacing the parts is incurred. All other repairs and maintenance are recognised in the profit or loss as incurred.

The cost of each item of plant and equipment is written off over its expected economic life, adjusted for any salvage value if applicable. Depreciation is provided for at the rates specified in the small business entity simplified depreciation tax rules. The Board has assessed these notes and considered them to be representative of the estimated useful lives of the underlying assets for accounting purposes.

Derecognition
An item of plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal.

Impairment
Plant and equipment is reviewed for impairment if there is any indication that the carrying amount may not be recoverable.

1. SUMMARY OF MATERIAL ACCOUNTING POLICIES, CONTINUED

Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles are not capitalised and the related expenditure is reflected in profit or loss in the period in which it is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit or loss and other comprehensive income in the expense category that is consistent with the function of the intangible assets.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Websites
Websites are initially recognised at cost and are amortised on a straight-line basis over 5 years.

Trade and other payables

Trade payables and other payables are carried at amortised cost and due to their short-term nature are not discounted. They represent liabilities for goods and services provided to the Association prior to the end of the financial year that are unpaid and arise when the Association becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

Provisions

Provisions are recognised when Triathlon Western Australia Inc. has legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result, and that outflow can be reliably measured.

Provision recognised represent the best estimate of the amounts required to settle the obligation at reporting date.

GST

Revenues, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable, and
- receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

Commitments are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

1. SUMMARY OF MATERIAL ACCOUNTING POLICIES, CONTINUED

Employee entitlements

(i) Wages, salaries and annual leave

Liabilities for wages and salaries, including non-monetary benefits and annual leave expected to be settled within 12 months of the reporting date are recognised in respect of employees' services up to the reporting date. They are measured at the amounts expected to be paid when the liabilities are settled and reported as current liabilities in the statement of financial position.

(ii) Long service leave and other employee entitlements expected to be settled more than 12 months from the reporting date

The liability for long service leave and other employee entitlements expected to be settled more than 12 months from the reporting date is recognised and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures, and years of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currencies that match, as closely as possible the estimated future cash outflows.

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Revenue recognition relating to the provision of services is determined with reference to the stage of completion of the transaction at reporting date and where outcome of the contract can be estimated reliably. Stage of completion is determined with reference to the services performed to date as a percentage of total anticipated services to be performed. Where the outcome cannot be estimated reliably, revenue is recognised only to the extent that related expenditure is recoverable.

All revenue is stated net of the amount of goods and services tax (GST).

Grants and Subsidies
Grant income for contracts with sufficiently specific performance obligations is recognised over time as the performance obligations are satisfied. Grant income for contracts that do not have sufficiently specific performance obligations is recognised immediately upon receipt.

Income Tax

The financial statements have been prepared on the basis that Triathlon Western Australia Inc. is exempt from income tax.

Comparative information

Comparative information has been restated wherever possible to conform to current year figures.

	2026	2025
	$	$

2. REVENUE AND EXPENSES

Revenue		
Grants	579,045	627,700
Membership & affiliation income	144,993	141,872
Commercial income	83,736	83,372
